Electrical Engineering

Bachelor-Level Degree in Electrical Engineering

EPCE

EXCELSIOR UNIVERSITY

Bachelor of Science in Electrical Engineering Technology (BSEET)

This online program is ideal for those interested in learning the “know-how” of a technician and the “know-why” of an engineer. The program is designed specifically to advance job skills by ensuring a breadth of knowledge in technology concepts as well as a depth of understanding in one of the concentration areas:

- Electronics
- Power Systems
- Nanotechnology

Accredited by the Engineering Technology Accreditation Commission of ABET, Inc.

Start your journey today!

- 100% online
- Fully accredited
- Credit for your experience
- EPCE Member Tuition Savings
- Flexible to fit your schedule
- Align to tuition reimbursement
- Interactive and instructor-led
- Advising and support services

### Is the BSEET degree right for me?

Deciding to pursue the BSEET program can be based on any combination of factors including skills and abilities, interests and personality, or industry demand and available job opportunities. Individuals looking to pursue a Professional Engineer (PE) license should check with their State’s Board of Professional Engineers for the most current information. In many states, graduates from a BSEET program that is ABET accredited may sit for the Fundamentals of Engineering (FE) exam—the first step to becoming a PE.
