Bachelor-Level Degree in Electrical Engineering

Bachelor of Science in Electrical Engineering Technology (BSEET)

This online program is ideal for those interested in learning the "know-how" of a technician and the

"know-why" of an engineer. The program is designed speci ically to advance job skills by ensuring a breadth of knowledge in technology concepts as well as a depth of understanding in one of the concentration areas:

Electronics
 Power Systems
 Nanotechnology

Accredited by the Engineering Technology Accreditation Commission of ABET, Inc.

Is the BSEET degree right for me?

Deciding to pursue the BSEET program can be based on any combination of factors including skills and abilities, interests and personality, or industry demand and available job opportunities. Individuals looking to pursue a Professional Engineer (PE) license should check with their State's Board of Professional Engineers for the most current information. In many states, graduates from a BSEET program that is ABET accredited may sit for the Fundamentals of Engineering (FE) exam—the first step to becoming a PE.

	Bachelor of Science Electrical Engineering Technology (BSEET) EXCELSIOR UNIVERSITY	
I want to pursue a degree that: • Emphasizes	 practice and applications (implementing and testing) 	
• Develops	 knowledge of more basic math and science (algebra, applied calculus, and trigonometry) 	
• Leads to careers as	 applied engineers and engineer technologists 	
Is the program ABET accredited?	 Yes, by the Engineering Technology Accreditation Commission 	
Does the school have regional accreditation?	 Yes, by the Middle States Commission on Higher Education 	
How many credits will I need to graduate?	✓ 124 total credit hours
